

DIALOGUE IN THE DARK™

powered by THE *culture* GROUP

Dialogue in the Dark™ is a powerful immersive experience comprising of individual and team activities conducted in complete darkness. In this unique environment, individuals and behaviours are challenged through a series of activities, lived experience stories and thought-provoking dialogue.

Power of the Dark

Being immersed in darkness, individuals are confronted with the unknown. The dark experience accelerates, amplifies and anchors learning whilst challenging belief systems, resetting boundaries and shining a light on one's unconscious brain.

Even the temporary loss of one key sense will display a person's emotional intelligence and social competence, as these are the abilities that spring into action and are quickly enhanced.

Workshop Logistics:

- Dialogue in the Dark™ are customised workshops to suit **conferences, leadership development** initiatives and **team building** sessions.
- Location - we have dedicated spaces in Melbourne, Sydney and Brisbane and can run pop up workshops in other locations.
- 10 - 30 participants per session to optimise learning. Multiple sessions can be run on the same day for larger groups.
- Health and Safety - all materials and surfaces are disinfected prior to each session.

Lived Experience Facilitators

Our Lived Experience facilitators are blind or have low vision, and are experts in non-visual perception, creating an atmosphere of authenticity, empathy and openness.

“**Powerful experience, in an environment that was unfamiliar, highlighted everyone's adaptability and brought out strengths people didn't know they had.**”

Workshop participant

are you ready to challenge darkness?

How to book:

Email info@dialogueinthedark.au

Nadine 0419 569 112 | Joanna 0407 096 400 | Louise 0407 551 039

We look forward to working with you.

Guide Dogs Australia is our charity partner.
If you'd like to make a donation as part of workshop booking, you can opt for a \$100, \$200 or donation which can be included in your fee.
